- 2) The quizzes (for all experiments) will be carried out just after the group experiment is completed.
- 3) Students are expected to show up on time for each laboratory period for which their group is scheduled to run their experiment.
- 4) Laboratory reports should be submitted to the research assistant (in charge of the experiment) until 5 pm the day after the experiment. Late reports will NOT BE ALLOWED/ACCEPTED.
- 5) Attendance to laboratory data recording sessions is mandatory. Failure to attend your laboratory session will result in 0/NILL grade for your experiment score. Attending an alternative lab session due to the formal medical excuse is only allowable with prior approval from the department head.
